

Cleaning for Singing Fundraiser

Help the Deer Creek Youth Choir reduce the costs of per-person travel for their upcoming trip to Philadelphia and Princeton!

Tracey Grumbach is the parent of DCYC member, Natalie Grumbach, and is a Norwex Independent Consultant. Last year her husband and Natalie's dad, Brian, was diagnosed with cancer that was determined to be caused, most likely, from environmental exposure to toxins! Since then, Tracey has been studying just how prevalent toxic chemicals are in our homes, which are caused mostly by cleaning products and body care products that we all have and use on a daily basis! She is on a mission to help others eliminate these unnecessary chemicals from their homes!

To find all the information you need, please visit this LinkTree (<https://linktr.ee/traceygrumbach>) where you will find more information about environmental toxins, Norwex's mission, top-selling products, links to the current catalogs, and the ordering link.

In addition, you are welcome to contact Tracey Grumbach at any time with questions about anything. (410-688-4706 or traceygrumbach4@gmail.com) She will be donating 25% of all proceeds back to the DCYC to help defer costs! So, it is a win-win...you will be investing in a toxic free home for yourself, but also helping reduce costs for our DCYC singers!

Tracey will be offering an **in-person demonstration** and displaying some of the products available at the DCYC rehearsal on **October 21, 2021**. In addition, to those who can not make that date and time, she is offering a **Zoom demonstration** and Q & A session on **Monday, November 1, 2021 at 7:00 PM**. That Zoom link will be sent out closer to the date.
